

Master of Nursing: Nurse Practitioner

The Bachelor of Nursing (Post RN) Primary Health Care Nurse Practitioner Program has transitioned to the master's level. Please contact Memorial University School of Nursing for information pertaining to the [Master of Nursing Nurse Practitioner Program](#). CNS faculty are teaching within this MNNP program.

The Nurse Practitioner Program began at the Centre for Nursing Studies in 1997. Over the last 16 years, it transitioned from a one year NP Certificate on-site program to a full and part time BNNP degree program delivered primarily via distance. CNS has had a total of 123 Nurse Practitioner graduates: 100 NPs and 23 BNNPs.
